Re: Holliston Accessory Solar  
Major Land Development, Master Plan, Map 4, lots: 35, 42, 43, 45, 46, Map 7, Lot 64

Dear Mr. Pagliarini,

In response to your email today, please accept the following:

As you know, we have exchanged numerous emails since my incompleteness letter dated September 4, 2020. The results of our swift and numerous email exchanges during the months of September and October corrects an inconsistency with the application.

Upon receipt of the road abandonment plan for that portion of Tifft Rd your client now intends to officially petition for abandonment, along with a cover letter updating the narrative to the above-referenced application, the application will be certified complete for Planning Board review.

Thank you,

TJK

Tom Kravitz  
Town Planner
