Re: Old Smithfield Road Solar – Master Plan Application

Dear Board Members,

Please accept this correspondence as a request to continue this Board's review of the above-referenced Application, scheduled for this evening. This submission memorializes prior communications Applicant representatives have had with the Town Planner. Further, through this letter, the Applicant agrees to extend the deadline for this Board to render a determination in connection with the Application until December 4th. Accordingly, the Applicant looks forward to presenting the Application to this Board in October.

The Applicant intends to have a representative available on the videoconference this evening, to formally present the request discussed herein, however, if that is not necessary it would be appreciated if the undersigned was advised as soon as practical.

Sincerely,

Nicholas J. Goodier
