Re: Douglas Pike Solar
Master Plan Application
Plat 10, Lots: 24 and 218

Dear Mr. Mancini,

Following up on my guidance letter dated May 28, 2020, as we discussed, this correspondence shall confirm the Gold Solar project to be moved from a July 2, 2020 meeting, to a zoom meeting which will be conducted on July 9, 2020 beginning at approximately 7:05 p.m.

While the master plan informational meeting was opened and closed on May 21st, you have agreed to mail this notice to all abutters within 500' of the subject properties. An agenda containing the zoom link information will be prepared, at minimum, two days prior to the meeting on July 9th. Said Agenda will be posted to the Town's website and office of Secretary of State.

Feel free to contact me if you have questions.

Respectfully,
