## FY22 BUDGET EXECUTIVE SUMMARY

### OVERVIEW

The North Smithfield community has the responsibility to educate approximately 1,600 students with diverse needs. We are fortunate to have the parents and students that we work with daily. Although not stated enough, we are also very fortunate to have the teachers, support staff, and administrative staff that support our students every day. From a budgetary standpoint, while employee salaries and benefits comprise the largest share of the district's budget, it is also our employees that are our greatest resource to achieve our shared goals.

### GOALS

1. Foster an environment where all students are safe, learn and achieve at high levels, and graduate fully college, career, and life ready;
2. Maintain an environment where all school and district employees are professionally engaged as active participants in our students' success;
3. Ensure the school department, as an organization, runs efficiently and is responsive to the needs of the residents of North Smithfield, and provides value to the entire community.

### FOUNDATIONS

The budget is built to support and comply with the following:

- [The North Smithfield District Strategic Plan](#)
- [The Rhode Island Basic Education Plan](#)
- [The Rhode Island Department of Education Regulations](#)
- [NEASC Accreditation](#)
- All other State of Rhode Island Educational Laws, the Town of North Smithfield Charter, and North Smithfield School Committee Policies and Procedures

### EFFICIENCIES AND COST REDUCTIONS

We are grateful to the Town of North Smithfield for setting aside a contingency fund to help offset potential reductions in FY21 State Aid due to anticipated COVID-related budgetary shortfalls across Rhode Island State and municipalities. As with previous budgets, the FY22 budget is conservative.

1. **Conservative:** As with previous budgets, every school and department was instructed to try and maintain a targeted 0% (or less) budget submission.
2. **Status Quo:** For FY22, our focus is improving what is already in place. We are not implementing any major new programs or costly new initiatives.
3. **Personnel:** Although we should be considering adding additional academic intervention and student social and psychological support, we intend to hold at current staffing levels and do not anticipate hiring any additional personnel in FY22.
4. **Consortiums and Partnerships:** North Smithfield is a small and high performing school district. While our small size offers advantages in personalization and flexibility when it comes to large-scale purchasing and being able to offer a full range of programs, courses, and services we are at a disadvantage. Fortunately, NSPS has formed partnerships to expand our capacity and lower costs.
  - a. **Northwest School Consortium:** The school districts of North Smithfield, Smithfield, Lincoln, Cumberland, and Burrillville have formed [The Northwest School Consortium](#) to leverage joint purchasing agreements and contracts, control CTE tuition rates between member high schools, and regularly collaborate on planning, programs, and initiatives.
  - b. **Northern Rhode Island Collaborative:** North Smithfield is a member of the 12-district [Northern Rhode Island Collaborative](#) collectively providing intense special education services.
  - c. **Joint Purchasing:** Where we do require contracted services, we leverage National, State, K-12, and/or regional purchasing agreements.
  - d. **Bradley Partnership:** Most districts cannot offer highly specialized intensive special education programs and must send students to expensive out-of-district programs. Through a Partnership with [Bradley Schools](#), our students who require intensive behavioral and psychological clinical supports can remain at NSHS where we operate a Bradley School-staffed classroom. While we still pay Bradley Schools for services, it is at a highly reduced rate, with no additional transportation cost, and our students can remain in their home school.
5. **Leveraging In-House Talent:** We have significantly reduced our reliance on contracted vendor services by bringing work in-house.
  - a. **Facilities:** For just the cost of materials, our maintenance staff routinely designs, builds, repairs, replaces and renovates. With the leadership of our Facilities Manager, our Facilities Department is reversing a decade of deferred maintenance and saving the Town hundreds of thousands of dollars that would otherwise be paid to outside contractors.
  - b. **Technology:** We have applied our technical expertise to consolidate software, upgrade security systems, and automate processes. Our Technology Department has secured

donations from businesses and universities and has the expertise to limit reliance on technical, network, and systems engineering consultants.

- c. **Professional Supports:** North Smithfield has developed its personnel to the level where many now are recognized across the state as experts in their fields. Our professional capacity exceeds our small size. There are very few areas in which we need to hire outside trainers or consultants, and when we do, it is targeted and brief.
- 6. **Planning:** We carefully plan and organize our personnel and resources to save time and money while maximizing operational effectiveness to better meet our students' needs.
  - a. **Scheduling:** We have implemented a new Unified High School/Middle School schedule that aligns two buildings allowing us to better share resources and expand student opportunities for intervention and enrichment.
  - b. **Overtime Reduction:** We have significantly reduced overtime and substitute expenses for maintenance workers and custodians by adhering to scheduled maintenance cycles and careful project planning.

## IMPACT OF COVID19

In FY20, all schools in the state were directed to transition to Distance Learning. North Smithfield was ahead of the curve as we had already developed a comprehensive “virtual snow day” plan with the Rhode Island Department of Education and had made the necessary investments in technology, systems, and training. We expanded our original plans to include long term Distance Learning. Our plan became a model for the State and was widely adopted by other school systems.

In FY21, after a delayed start, all schools in Rhode Island opened under new sets of plans detailing Full Reopening, Limited Reopening, and Partial Reopening. North Smithfield did not relegate any students to full Distance Learning as did other districts. We opened under a PK-12 Hybrid Model and gradually and safely brought in more students including all students PK-6 (the State prioritized K-5), grade 9 (a transition year), and all students with IEP's and 504 Plans.

- 1. **Purchase of Additional Cleaning and Personal Protection Equipment:** NSPS purchased additional mist sprayers, masks, face shields, hand sanitizers, and wipes. While many districts also hired additional custodial staff, NSPS worked with the staff we had and did not hire additional personnel.
- 2. **Upgrades to HVAC Systems:** We anticipated in the Spring of 2020 that we needed to upgrade our ventilation systems in our schools to open safely in the Fall of 2020. During the summer of 2020, the Rhode Island Department of Health published facilities guidelines that all schools had to meet to reopen safely. This guidance caught the majority of districts across the state by surprise and they were forced to expend considerable sums to purchase HEPA filters, box fans, and air purifiers. While North Smithfield Schools did spend a comparable amount of money in meeting

the guidelines, we did so on long term solutions that will outlast the pandemic and be a benefit to our students and staff for decades.

3. **Upgrades to Technology:** When the entire state pivoted to Distance Learning last year, North Smithfield students had the benefit of an earlier investment in 1:1 Chromebooks. However, the Chromebooks were old and at end-of-life. Anticipating that we would continue to rely on Chromebooks during an uncertain school year, we refreshed many of the devices and, as of this writing, refreshing our wireless infrastructure to handle the greater loads of mixed in-person and at-home learning.
4. **Outlasting COVID:** Except for the additional cleaning supplies and PPE, all NSPS COVID-related purchases have been designed to benefit our schools well beyond the temporary impact of the coronavirus and support teaching and learning into the future.

## PLANNED AND UNEXPECTED INCREASES

**Details follow in each Budget Category section:** Despite our operational efficiencies and our focus on improving current programs rather than introducing new programs into the budget, we cannot wholly offset the following factors:

1. **Contractual Salary Increases:** Education is personnel intensive and comprises 58.3% of the total budget, which contractually will increase to \$16,270,193 in FY22
2. **Increase in Benefits:** Benefits comprise 21% of the total budget. Partly due to an increased amount of insurance payouts for North Smithfield employee claims (School and Town) in FY19 and FY20, our premiums are expected to increase to \$5,874,272 in FY22.
3. **Changing Demographics:** Increasing numbers of students in North Smithfield foster homes, Kindergarten with low reading levels, families in poverty, and children with trauma require additional social and psychological support and intervention and special education services.
4. **Cost of Living:** General cost of living increases in special education, insurances, utilities, vendor services, and contracts, licensing, etc.

## FY22 BUDGET PROPOSAL - 2.9% Increase

At this point, to maintain our current programs and offset the contractual obligations and expenses listed previously, **we must request a 2.9% increase, or \$607,590 additional local appropriation.** This under 3% request is assisted by a tentative increase in State Aid to Education for FY22 of \$160,228.

## Funding Sources

Category	FY22 Proposed	FY21 Adopted	\$ Change
Local Funds	\$21,309,109	\$20,701,519	\$607,590

<b>FY12</b>	\$17,285,450	2.0%	\$4,421,801	1.7%

## FY22 PROPOSED BUDGET BY MAJOR CATEGORY

Our budget is divided into three major categories. **Salaries** and **Benefits** together comprise the majority of the school department budget. **Operations** is our most varied category and include all schools, departments, facilities, instruction, transportation, tuition, energy, services, curriculum, technology, special education, student programs, athletics, etc.

## FY21 Major Categories by Total and Percent of Budget

## SALARIES AND BENEFITS

Education is personnel intensive and personnel will always be the most expensive component. Over the past couple of years, we have strategically added staff to better support our students' academic success with interventions, we expanded our Computer Science and Technology instruction, and we created new Career and Technology Education programs at the High School. We balanced this by redefining some positions while reducing other positions.

Personnel	FY22 Proposed	FY21 Adopted	\$ Change	% Change
Salaries	\$16,270,193	\$15,681,218	\$588,975	3.76%
Benefits	\$5,874,272	\$5,534,486	\$339,786	6.14%
	<b>\$22,144,465</b>	<b>\$21,215,704</b>	<b>\$928,761</b>	<b>4.38%</b>

Our personnel are our most valuable resource and ongoing staffing changes will always be necessary to meet changing needs, conditions, and expectations. For FY22, we do not anticipate adding staff.

## Six-Year Staffing Comparison

Category	FY22	FY21	FY20	FY19	FY18	FY17
Admin	12.0	12.0	12.0	12.0	12.0	13.0

<b>District Total</b>	<b>227.00</b>	<b>226.50</b>	<b>226.00</b>	<b>236.65</b>	<b>242.15</b>	<b>238.80</b>

## DISTRICT OPERATIONS

Operations include all non-salaried and benefits expenses across all Departments and Schools. Operations include items such as transportation, out-of-district tuitions, special education placements, classroom supplies, academic resources, computers and software, and maintaining school facilities.

Operations Categories	FY22 Proposed	FY21 Adopted	\$ Change	% Change
Central Office	\$3,008,788	\$2,942,943	\$65,845	2.24%
Facilities	\$910,686	\$860,686	\$50,000	5.81%
Technology	\$147,344	\$111,344	\$36,000	32.33%
Curriculum	\$38,500	\$112,500	-\$74,000	-65.78%
Pupil Personnel Services	\$1,142,229	\$1,401,279	-\$259,050	-18.49%
North Smithfield High School	\$166,230	\$167,520	-\$1,290	-0.77%
Athletics	\$176,400	\$169,900	\$6,500	3.83%
North Smithfield Middle School	\$67,125	\$67,125	\$0	0.00%
North Smithfield Elementary School	\$64,772	\$49,720	\$15,052	30.27%
Use of Facilities-Rentals	\$50,000	\$50,000	\$0	0.00%
	<b>\$5,772,074</b>	<b>\$5,933,017</b>	<b>-\$160,943</b>	<b>-2.71%</b>

## CENTRAL OFFICE:

The Central Office budget includes the costs of transportation, out-of-district regular education tuitions, property, liability coverage, telephone operations, legal services, other contractual services, etc.

Central Office Over Time	FY22 Projected	FY21 Adopted	FY20	FY19	FY18
Transportation	\$1,728,888	\$1,675,038	\$1,147,075	\$1,472,232	\$1,322,165
Tuition	\$772,555	\$784,915	\$761,354	\$832,423	\$615,321
Non-Discretionary	\$507,345	\$482,990	\$430,132	\$435,815	\$457,813
	<b>\$3,008,788</b>	<b>\$2,942,943</b>	<b>\$2,338,561</b>	<b>\$2,740,470</b>	<b>\$2,395,299</b>

**Transportation:** The majority of the Central Office budget is allocated to transportation, both in-district and out-of-district non-special education. During the FY20 statewide lockdown, transportation costs were significantly reduced as, by contract, the district only paid for days busing services were provided. Our contract is expiring this year and we will have to submit an RFP for transportation services or negotiate an extension of our contract.

Our concern is since all busing companies lost significant revenue during the lockdown, they have tried to make it up on the other end. Many school districts have reported up to a 17% increase over their previous rate as companies responded to RFP's. Additionally, out-of-district transportation costs have proven to be just as volatile even though it is a state-wide contract.

Transportation Costs	FY22 Projected	FY21 Adopted	FY20	FY19	FY18	FY17	FY16
In-District	\$1,157,750	\$1,103,900	\$713,601	\$1,016,111	\$983,081	\$952,847	\$928,900
Voc/Charter/CTE/Displaced	\$130,713	\$130,713	\$86,249	\$100,231	\$56,587	\$40,687	\$89,640
Out-of-District Special Ed.	\$440,425	\$440,425	\$347,225	\$358,890	\$285,496	\$287,120	\$258,712
Athletics	\$70,500	\$70,500	\$45,787	\$70,407	\$64,659	\$63,262	\$60,655
Totals	\$1,799,388	\$1,745,538	\$1,192,862	\$1,545,639	\$1,389,823	\$1,343,916	\$1,337,907

**Tuition:** The Central Office budget includes tuition costs for out-of-district vocational schools and CTE programs. This cost is based on the number of students attending other schools and that number, as well as associated tuitions, have been growing from year to year. **Essentially, the more we spend on the students who leave us, the less we have for students who remain.**

Tuitions to Voc/Charter/CTE	FY22 Proj.	FY21 Adopt	FY20	FY19	FY18	FY17	FY16
# of Students	70	74	73	78	61	52	39
Total tuitions paid	\$772,555	\$784,915	\$761,354	\$832,423	\$615,321	\$515,945	\$411,762

**Non-Discretionary:** To offset the general cost of living/inflation, increases in salaries and benefits, as well as unanticipated additional expenses such as out-of-district tuitions and transportation, we have made reductions elsewhere by negotiating new, less expensive vendor contracts, or canceling contracts where we can bring services in-house. We continue to trim operational expenses where possible.

**Notes:**

- Transportation Concern:** Our contract is expiring this year and we will have to submit an RFP for transportation services or negotiate an extension of our contract. The concern and unknown is that because busing companies lost significant revenue during the lockdown, they are trying to make it up on the other end. Many school districts have reported up to a 17% increase over their previous rate as companies responded to RFP's. Additionally, out-of-district transportation costs have proven to be just as volatile even though it is a state-wide contract. We are looking into alternatives to the statewide contract.
- CTE's:** We have created our Career and Technical Programs at North Smithfield High School to compete within school choice. We are now able to accept out-of-district students into NSHS. Currently, we are collecting tuitions from **7** out-of-district CTE students and hope to increase this number.
- Northwest School Consortium:** To help offset the associated financial burden of school choice around CTE's, the Northwest School District Consortium (North Smithfield, Burrillville, Smithfield, Lincoln, and Cumberland) has agreed to charge each other a highly reduced tuition for any Consortium student who chooses a CTE program outside of their community of residence. While our efforts are geared towards retaining our students, if they do leave, we have agreed not to financially burden each others' districts. A typical CTE student costs the sending district approximately \$15,000 per year. Within our Consortium, we pay \$5,000 per student. This agreement between our communities is being assessed by other districts by region and as a possible state model.
- Marketing:** We are continuing to market our schools and programs to better inform the community of the good work our schools and teachers are doing. The other outcome of increased marketing and outreach is to attract tuition-paying out-of-district students while trying to retain North Smithfield students in North Smithfield to minimize the financial impact of paying out-of-district tuition and transportation. COVID has placed a slow down on our marketing efforts as most schools are struggling with the switch between distance and in-person learning, however, our outreach through social media has been very effective.

5. **School Choice:** Even with the measures we are taking to attract and retain students, RISE Mayoral Academy is opening up another grade level, a new Charter School has been proposed in Woonsocket which may draw North Smithfield students, and regional high schools continue to expand their CTE offerings. Students who leave North Smithfield divert dollars from the students who remain.

Our focus is first to retain our students, and secondly, if a student insists on leaving, then we promote the high schools within the Consortium and the reduced rate. The unfortunate reality is that many students and families choose other schools not for academic intent, but rather for personal and social reasons, as the regulations are currently such that North Smithfield must pay for their social experiments.

We are fortunately seeing a leveling off and possibly a decrease in North Smithfield families choosing charter, private, or parochial schools over North Smithfield High School. At this stage, we are not sure if this is due to our outreach or due to the coronavirus and parents choosing not to pay full private tuition rates for a hybrid or full Distance Learning experience.

## PUPIL PERSONNEL SERVICES

The Pupil Personnel Services budget represents services and programming needs for special education students (both in-district and out-of-district), English Language Learners, students with 504 Plans, hospital/homebound students, early childhood mandated screening services, speech and language services, school psychologist and school social worker services, occupational and physical therapy related services, vision/orientation and mobility services, and related testing, assessment, and support for in-district special programs.

Operations Categories	FY22 Proposed	FY2 Adopted	\$ Change	% Change
Pupil Personnel Services	\$1,142,229	\$1,401,279	-\$259,050	-18.49%

### Notes:

1. **Cost Reductions:** We are anticipating a decrease in special education tuitions and costs as a) We have a high-cost special education student aging out of the program, b) a medically fragile student requiring a 1:1 nurse (at the district's expense) moved out of North Smithfield, and C) was able to bring a student back from a high-cost out-of-district placement to our Bradley Partnership housed at North Smithfield High School.
2. **Trying to control costs and fluctuations:** Special education services, especially out-of-district placements, is one of the most difficult areas to anticipate and is subject to wide financial swings. Having said that, we have made great strides this year in reducing costs and returning students from out-placements to in-district programs.

3. **Out-of-District Special Education:** Currently we have 16 students whose clinical and/or residential needs surpass those the district can accommodate. Tuitions for these intensive and highly specialized out-of-district placements range between \$50,000 - \$130,000 per student, per year. We are always looking for ways to bring our students back to North Smithfield as it is more cost-effective and, in many respects, better for the child.

Out-of-District Sp. Ed. Tuition and Transp.	FY22 Projected	FY21 Adopted	FY20	FY19	FY18	FY17	FY16
Tuition Special Education	\$887,829	\$1,098,612	\$965,838	\$1,005,526	\$965,170	\$878,599	\$961,679
Transportation OOD Special Education	\$440,425	\$440,425	\$347,225	\$358,890	\$285,496	\$287,120	\$258,712
<b>Totals</b>	<b>\$1,328,254</b>	<b>\$1,539,037</b>	<b>\$1,313,063</b>	<b>\$1,364,416</b>	<b>\$1,250,666</b>	<b>\$1,165,719</b>	<b>\$1,220,391</b>

4. **Foster Homes:** There are a growing number of students living in North Smithfield foster homes. Many of these children require additional special education services.
5. **ESSA and DCYF:** Because of changes in federal guidelines, North Smithfield has been increasingly subject to determinations by DCYF and the courts as the “School of Origin” meaning North Smithfield holds educational and/or financial responsibility for some students for whom North Smithfield is not their primary or current residence.
6. **Severe Medical Requirements:** We currently have 2 medically fragile students who each require a dedicated nurse (at the district’s expense).
7. **Age Requirements:** RIDE increased the maximum age requirement for special education services from 21 to 22 years of age. We must now budget for an additional year of services or tuition for some students.

## FACILITIES

The Facilities budget includes district-wide facilities and grounds support including but not limited to: utilities, repair, and maintenance, custodial supplies and materials; plumbing and electrical systems; monitoring services and costs; security, fire prevention, and alarm services; classroom and office furniture, fittings; lighting, groundskeeping and snow removal equipment, and services.

Operations Category	FY22 Proposed	FY21 Adopted	\$ Change	% Change
Facilities	\$910,686	\$860,686	\$50,000	5.81%

## Notes:

1. **Renovations:** The Facilities Department has been level-funded for many years. For FY22 we have requested an increase of \$50,000 specifically to apply towards materials and supplies for in-house renovations projects such as:
  - a. Updating the North Smithfield High School and Elementary School Libraries
  - b. Replacing NSHS' 50-year-old classroom furniture, ceiling tiles, and blackboards with new whiteboards, in addition to repainting classroom walls, repairing and replacing floors and floor tiles.
  - c. Renovating the 30-year-old classrooms at NSES with newer more modular, flexible, and space-efficient furniture, painting, ceiling tile replacements, and floor repairs.
2. **Savings through Efficiency:** The Facilities Department is an example of cost savings through efficiencies. We have leveraged grants to install high-efficiency lighting throughout every school. We have reduced the district's reliance on outside vendors by bringing major renovation and repair projects in-house. Renovations begun in FY20 and FY21 will continue into FY22.
3. **2014 Bond Project Completion:** With the financial support of the School Department Fund Balance, the Bond funded, promised construction of the NSES addition, the NSHS Science Labs in FY20, and the NSHS Locker Room Renovations in FY21, the RIDE-approved major projects have been completed.
4. **"Warm, Safe, and Dry:** It is crucial that our facilities continue to receive funding to address the numerous "warm, safe, dry" issues identified and approved by RIDE. If all North Smithfield delivers is the addition, labs, and locker rooms, and does not adequately address "warm, safe, dry", we will be rejected in the next 5-year Necessity of Construction cycle and will not be eligible to receive state reimbursements. Also, we must continue to comply with the "maintenance of effort" requirement to spend a minimum of 3% of our budget each year on the maintenance and upkeep of our buildings.
  - a. Our current priority, which is eligible for RIDE reimbursement, is replacing the original single-pane windows at NSHS with high-efficiency windows. This also includes adding an emergency egress window in every classroom.

## CURRICULUM

The curriculum budget includes districtwide classroom resources for instruction, textbooks, workbooks, and professional development.

Operations Category	FY22 Proposed	FY21 Adopted	\$ Change	% Change
---------------------	---------------	--------------	-----------	----------

Curriculum	\$38,500	\$112,500	-\$74,000	-65.78%
------------	----------	-----------	-----------	---------

## Notes:

- Holding on Science and Social Studies Curriculum:** We would have maintained the Curriculum Budget at the FY21 level in order to review and purchase approved high-quality curriculum for Science and Social Studies, except RIDE has not completed their assessment and approval of available science programs, and the social studies standards are being revised. We will revisit this requirement in the FY23 budget.
- Completed replacing K-12 English Language Arts and Mathematics Curriculum:** As of Spring 2021, North Smithfield Schools met Rhode Island General Law 16-22-32 requirement to provide a high-quality curriculum in English Language Arts and Mathematics:

*(3) The commissioner shall direct all local education agencies ("LEAs") to select one of the identified high-quality curricula and materials by the time of their next adoption cycle, but in any case, no later than June 30, 2023, for mathematics and English language arts, and no later than June 30, 2025, for science and technology. LEAs shall select curriculum and materials that are responsive to the LEA's cultural and linguistic needs, and support culturally responsive practices. LEAs shall implement the high-quality curricula and materials at the start of the school year that immediately follows the selection. If an LEA is unable to implement the high-quality curricula and materials fully due to financial hardship, the commissioner may grant the LEA an extension of time, provided that the LEA demonstrates continued efforts to complete the implementation.*

<http://webserver.rilin.state.ri.us/Statutes/TITLE16/16-22/16-22-32.HTM>

## TECHNOLOGY

Technology includes districtwide hardware, software, networking, communications, data and data management, and peripheral devices for academic and administration.

Operations Category	FY22 Proposed	FY21 Adopted	\$ Change	% Change
Technology	\$147,344	\$111,344	\$36,000	32.33%

## Notes:

- The FY22 increase to the technology budget** covers a) new academic software and licenses and 2) some replacements of 12-year-old Promethean Boards in the classrooms at NSHS with new ActivPanel displays. Our technology has become the cornerstone of teaching and learning during the lockdown, quarantines, and hybrid in-person and at-home learning and teaching. After the pandemic, the technologies we have, the systems in place, and the software and services we use will continue to ensure districtwide operational efficiencies and enable school resources to support anywhere, anytime, anyplace teaching and learning.

## ATHLETICS

The Athletics Budget includes support for all teams including uniforms, supplies, RI Interscholastic League athletic officials, and transportation to events. Athletic Coaches are budgeted separately under Salaries and Benefits.

Operations Category	FY22 Proposed	FY21 Adopted	\$ Change	% Change
Athletics	\$176,400	\$169,900	\$6,500	3.83%

### Notes:

1. The cost of athletics is subject to the same “cost of doing business” as every other department as league membership fees, equipment, personnel, and transportation costs increase annually. We anticipate increases in Interscholastic League membership and coaching stipends.
2. Currently, North Smithfield offers more athletic opportunities than do many districts with even larger student enrollments. Our Athletics budget is larger than the high school’s budget, and is larger than the elementary and middle school budgets combined! With athletics, as with every budget, we have passed the point where to cover our expenses while minimizing costs, we need to prioritize our programs and offerings, begin to trim our offerings or increase the budget.

## SCHOOL OPERATIONS

These accounts include classroom resources, instructional supplies, equipment and furniture, software and textbooks, professional fees, transportation for field trips, etc.

### NORTH SMITHFIELD HIGH SCHOOL

North Smithfield High School is ranked as one of the top public high schools in the State. With its recent academic successes, new Career Pathways and new Career and Technical Education programs in Pre-Engineering, Business and Finance, and Music, NSHS offers a top-tier public education. NSHS continues to be transformed into a modern educational facility with new state-of-the-art Science Labs, a new Art studio, and renovations throughout the entire school and classrooms.

Operations Category	FY22 Proposed	FY21 Adopted	\$ Change	% Change
North Smithfield High School	\$166,230	\$167,520	-\$1,290	-0.77%

## NORTH SMITHFIELD MIDDLE SCHOOL

The Middle School now hosts students in Grades 5-8. We have expanded our course offerings and programs to flow into the High School Pathways and CTE's. With our new unified Middle/High School schedule, we are better able to connect middle school students with high school students, mentors, and resources.

Operations Category	FY22 Proposed	FY21 Adopted	\$ Change	% Change
North Smithfield Middle School	\$67,125	\$67,125	\$0	0.00%

## NORTH SMITHFIELD ELEMENTARY SCHOOL

The budget for the NSES was increased to bring it more in line with the Middle School as the student population at NSES has exceeded NSMS. North Smithfield Elementary School is reborn with the completion of the new 4th Grade addition, new leadership, new initiatives, and new renovations conducted in-house by our maintenance staff. NSES is a school transformed.

Operations Category	FY22 Proposed	FY21 Adopted	\$ Change	% Change
North Smithfield Elementary School	\$64,772	\$49,720	\$15,052	30.27%

## FUTURE

### STUDENT ENROLLMENT

The overall student enrollment in North Smithfield schools has been declining over the past decade. Based on North Smithfield's current residents and associated live births, this gradual downward trend is projected to continue; however, this is not the whole picture. New residential developments are under construction and proposed for the future. New universal full-day Pre-K requirements are being proposed by the State.

## Notes/Trends:

- For the 20-21 School Year, North Smithfield Schools, along with all schools and districts across the state, experienced COVID-related enrollment declines:
  - PreKindergarten - Parents opting to keep children home or find 5 days a week daycare.
  - Kindergarten - Parents opting to delay registration by a year or find 5 days a week daycare.
  - Homeschooling - Increase in homeschooling applications citing COVID-related concerns.
- We anticipate returning to normal regular enrollment levels in the 21-22 school year.
- North Smithfield is a desirable community in which to live. This is reflected by the increased interest and plans for new residential construction:
  - 90 unit proposal for affordable housing development in Branch Village. Still, no application submitted; likely several years away from approval-if granted.
  - 88 units of one and two-bedroom apartments at Dowling Village-Completed.
  - 21 two-bedroom condominium units proposed for Dowling Village moving through the planning process. Preliminary Application expected for December with final approval likely by late spring of 2021.
  - 128 lot single family subdivision has been announced but has yet to advance in the planning process. Two-year approval expires in March 2021, Two additional 1-year extensions may be granted. If it moves forward, it's still a year or two out the minimum, and it will likely be a phased development over 5+ yrs.
  - 5 unit subdivision of land for single-family housing was recently finalized. The roadway under construction.

- f. 120 age-restricted apartment units have been proposed, all in Slatersville. There is little to no impact on school children anticipated.
  - g. 4 lot single family subdivision on Village Way is entering the preliminary stage – approval possible by spring of 2021.
- 4. **School Choice:** Whether it is charter, vocational, CTE's, private, and parochial schools, families have a choice, and that choice will continue to grow. Students who leave North Smithfield for other locations divert funds from students who remain in North Smithfield Schools whether it be through tuition charges, loss of state aid to education, or transportation costs. By maintaining high standards, offering compelling academic programs, athletics, and extracurricular activities, North Smithfield is competing to retain current students and attract new students.
- 5. We have begun marketing ourselves and are actively promoting our schools through social media to celebrate the accomplishments of our schools and students, build community pride, and retain and attract students.

## SURPLUS MISCONCEPTIONS

There is a belief that if funds remain in the budget at the end of a school year it is because too many dollars were allocated in the first place. If funds remain at the end of the year, it is due to careful fiscal practices and management, adapting to changing conditions, and constantly working to lower costs and realize greater efficiencies. Having a comparatively small amount of money remaining at the end of the year should be preferable to deficit spending.

- 1. Any remaining funds are to be applied to three areas:
  - a. **Capital Improvements** on RIDE-approved “warm, safe, dry” projects eligible for a baseline 35% reimbursement rate.
  - b. **Curriculum and Technology Purchases** specifically to ensure that high-quality curriculum and resources are available to students anytime, anywhere, and anyplace.

## ASSUMPTIONS

### FUNDING

The District's recommended general operating fund totals \$27,916,539 for 2021-2022, an increase of 2.83% over 2020-2021. The operating budget for the most part is made up of three (3) main sources of revenue: (1) Town Appropriation; (2) State Education Aid; and, (3) Restricted Fund-Medicaid.

- (1) Town Appropriation – The recommended 2021-2022 operating budget assumes \$21,309,109 in local property taxes. This represents an increase of \$607,590 or 2.9%.

(2) Preliminary State Education Aid – Preliminary projections for State Education Aid were released by RIDE in December 2020. Preliminary projections indicate an increase of \$160,228 in State Aid, 2.6% over the FY21 budgeted Aid. RIDE's projection allocates \$6,332,430 as follows: General Aid \$6,167,096; Group Home \$98,055; High Cost Special Ed Categorical \$67,279. In addition, it is projected that the District will receive the following restricted, Categorical funds: an expenditure offset of \$11,570 for Non-Public Transportation Aid, \$1,067 for Multilingual Learners, and approximately \$100,000 for SRO's which will offset 50% of the Town's cost for the two School Resource Officers (SRO's).

(3) Restricted Funds – The restricted fund accounts are targeted revenue sources that are legally restricted to expenditures for specific purposes. Some examples of restricted funds might include state or federal grants that are designated for a specific purpose such as dollars specifically dedicated to our special education population or as allowed under the National School Lunch program.

Funds from the grants must only be used to supplement local funding for education. Municipalities cannot use grant funds to reduce their local contribution (supplant). Total local funds from the current year cannot be less than the upcoming year. One of the purposes of this maintenance of effort requirement is to ensure the districts do not spend grant funds in place of local dollars.

## **NCLB TITLE 1**

Title I funds are federal dollars dedicated specifically to our at-risk students. Anticipated revenue for 2021-2022 is approximately \$272,061.

The large majority of Title I funds are used to support Title I students in the area of Reading. The Title I TAS program is conducted at North Smithfield Elementary School. Services focusing on Grades K-3 are providing (4) .5 Reading Teachers.

## **NCLB TITLE IIA**

Title IIA funds are federal dollars dedicated to the recruitment and training of Teachers and Principals. Anticipated revenue for 2021-2022 is approximately \$59,747.

Title II funds are currently being utilized to support the "English Language Arts and Math Instruction Refinement Project" and the "Community of Practice – Shared Classroom Initiative." All ELA and Math Teachers are meeting throughout the year to refine instruction, observe colleagues, and share best practices. It is also supporting the ELA and Math multi-grade level Professional Learning Communities. Anticipated revenue for 2021-2022 is approximately \$67,467.

## **IDEA**

IDEA funds are federal dollars dedicated to our students with special needs. We anticipate approximately \$515,929 for 2021-2022, which has historically been used mostly to fund the salaries and benefits of some special education staff.

- IDEA, Part B funds can be used for purchases related to special education students such as needing additional support staff, professional development, and/or specialized equipment.
- The Preschool allocation makes up a small percentage of the funds. The funds are used to support the preschool program in the child find area. This area refers to the District's responsibility to identify preschoolers that may require specialized instruction.

As part of the maintenance of effort, when the number of students remains the same as well as the level of services, it is the responsibility of the local budget to then allocate the needed allotment of funds to support programming for our special education population.

## **SRO CATEGORICAL**

In FY19, the State enacted a budget to support the hiring of School Resource Officers (SRO's) at public middle and high schools in RI. The funding is available for new SRO positions hired on or after July 1, 2018. The School Department applied and was awarded categorical funding for the (2) SRO Officers that were hired in FY19. The funding supports 50% of the cost of salaries and benefits for a period of up to three (3) years. FY22 will be the final year of 50% funding for the SRO Officers

## **COLLECTIVE BARGAINING AGREEMENTS**

The NSASSP will be working in Year 3 of the 3-Year contract in FY22. The contract expires June 2022.

The NSTA contract expires on August 31, 2021. Negotiations are anticipated to begin within the next few months.

## **HEALTH/DENTAL BENEFITS RENEWAL**

FY22 health premium increases are estimated at an increase of 9%. Health benefit co-shares for FY22 are as follows: Administrators 18%, Support Staff 11%, Teachers are 20%. Dental premium increases are estimated at 5%. FY22 life insurance premium increases are estimated at 5%. We anticipate receiving the actual working rates in April.

## **RETIREMENT**

Certified retirement rates are scheduled to increase in FY22 by .28%. Municipal, non-certified retirement rates are anticipated to increase 1.0%.

## **TRANSPORTATION**

The State of Rhode Island currently provides transportation for all out-of-district busing for North Smithfield students attending Special Education placements, vocational, charter, and private schools. RIDE invoices the District based on the ridership miles of North Smithfield students.

The District contracts with DATTCO to provide in-district transportation.

The District currently provides diesel fuel for in-district transportation. Diesel fuel is budgeted at \$3.00/gal for the upcoming school year. Diesel fuel is purchased from the Town.

**NORTH SMITHFIELD ELEMENTARY SCHOOL**

**FY 2022  
PROPOSED OPERATING BUDGET**

**December 2020**

Prepared by:

Jennifer Daigneault, Principal

2021 - 2022

### Highlighted Variances

Dept/ School: North Smithfield Elementary School

Account Name	Object Code (5XXXX)	Budget Variance (+/-)	Justification (Students/program/grade level, etc.)	Link to BEP, CCSS, DSP, SIT, NEASC
NSES Classroom Supplies ~ Instructional	56101	+5000	Increase funds to individual grade levels to accommodate all learners and different developmental needs	<i>G-13-2.2</i> Resources and Materials Aligned to Curriculum. Each LEA shall provide the necessary programs, texts, and materials that ensure that students are supported fully in acquiring the knowledge and skills specified in a comprehensive program of study. Programs, texts, and materials shall be in sufficient quantity to ensure that students can engage in and complete all curriculum activities.
NSES Classroom Supplies ~ Music	56101	+150	Replace aging equipment	<i>G-13-2.2</i> Resources and Materials Aligned to Curriculum. Each LEA shall provide the necessary programs, texts, and materials that ensure that students are supported fully in acquiring the knowledge and skills specified in a comprehensive program of study. Programs, texts, and materials shall be in sufficient quantity to ensure that students can engage in and complete all curriculum activities.
NSES ~ Library Software and Licensing	57311	+ 500	Increase to subscription services	<i>G-13-2.2</i> Resources and Materials Aligned to Curriculum. Each LEA shall provide the necessary programs, texts, and materials that ensure that students are supported fully in acquiring the knowledge and skills specified in a comprehensive program of study. Programs, texts, and materials shall be in sufficient quantity to ensure that students can engage in and complete all curriculum activities.
NSES Supply Instruction Web- based Software	53222	+6962	Increase use of technology for all grade levels in math and ELA	<i>G-13-2.2</i> Resources and Materials Aligned to Curriculum. Each LEA shall provide the necessary programs, texts, and materials that ensure that students are supported fully in acquiring the knowledge and skills specified in a comprehensive program of study.

				Programs, texts, and materials shall be in sufficient quantity to ensure that students can engage in and complete all curriculum activities.
NSES Subscriptions/ Periodicals	56404	+3125	Annual subscription of Scholastic News for all grade levels	<i>G-13-2.2</i> Resources and Materials Aligned to Curriculum. Each LEA shall provide the necessary programs, texts, and materials that ensure that students are supported fully in acquiring the knowledge and skills specified in a comprehensive program of study. Programs, texts, and materials shall be in sufficient quantity to ensure that students can engage in and complete all curriculum activities.
NSES Library Supplies	56101	-300	Use of books was minimal for the 2020 - 2021 school year	
NSES Technology - Computer Education Supplies	56501	-300	Using building copiers for printing purposes instead of laser printers	

**FY 21 Adopted Budget:    \$49,720            FY 22 Proposed Budget:    \$64,772            Percent Increase: 30.3%**

**Increase to NSES budget is a direct result of a rapid shift to expand virtual instruction for all learners and to continue the use of web-based platforms to support student achievement directly affected by COVID**

<b>TECHNOLOGY</b>	<b>2021-22</b>	<b>2022-23</b>	<b>2023-24</b>	<b>2024-25</b>	<b>2025-26</b>	<b>2026-27</b>
<b>All Schools:</b> Ongoing planned replacement of 1:1 Chromebooks (\$200 per device for 200 devices with a 5 year replacement cycle)		\$40,000	\$40,000	\$40,000	\$40,000	\$40,000
<b>All Schools:</b> Ongoing replacement of aging classroom hardware beginning with replacing 12 year old smartboards with new ActivPanel Displays.	\$50,000	\$50,000	\$10,000	\$10,000	\$10,000	\$10,000
<b>All Schools:</b> Wireless replacement/upgrade including access points, installation, licensing (We are eligible for a 40% federal reimbursement on wireless upgrades and replacement. Estimate is <i>after</i> anticipated reimbursement.)					\$40,000	\$40,000
<b>NSHS:</b> Switch Replacement (Estimate is <i>after</i> anticipated 40% federal reimbursement)	\$40,000					
<b>ATHLETIC COMPLEX</b>	<b>2021-22</b>	<b>2022-23</b>	<b>2023-24</b>	<b>2024-25</b>	<b>2025-26</b>	<b>2026-27</b>
<b>Turf Field Replacement:</b> Typically 10 year life-cycle. Currently 13 years old. Estimated cost \$800,000 (Currently \$200,000 has been set aside in the Facilities Rental Fund Balance)	\$205,000	\$205,000	\$205,000	\$205,000	\$205,000	
<b>Track Resurfacing:</b> Typically 10 year life-cycle. Currently 13 years old. Estimated cost \$225,000	(Individual estimates are indicated in the descriptions on the left. A total project cost would be around \$1,000,000 or about \$200,000 divided over 5 years. The \$200,000 currently in the Facilities Rental Fund Balance has been deducted from the above totals)					
<b>Track and Field Upgrades:</b> To host home outdoor track and field games, includes throwing cage. Estimated cost \$200,000						
<b>FACILITIES</b>	<b>2021-22</b>	<b>2022-23</b>	<b>2023-24</b>	<b>2024-25</b>	<b>2025-26</b>	<b>2026-27</b>
<b>Cargo van</b> to supplement our often too-large and old box truck	\$20,000					
<b>All Schools:</b> materials for In-house classroom renovations and furniture replacement to include storage, white boards, student desks, tables etc.	\$35,000	\$35,000	\$35,000	\$35,000	\$35,000	\$35,000
<b>RIDE REIMBURSABLE CAPITAL PROJECTS*</b>	<b>2021-22</b>	<b>2022-23</b>	<b>2023-24</b>	<b>2024-25</b>	<b>2025-26</b>	<b>2026-27</b>
<b>Priorities:</b> Replace 50 year old windows at NSHS (estimated \$1,000,000) and other RIDE approved "warm, safe, and dry" reimbursable projects. All items in this category are eligible for a minimum 35% State Reimbursement. We are also approaching the point where we need to begin roof repairs and replacements and currently seeking quotes.	\$200,000	\$200,000	\$200,000 (New 5 Year RIDE Application)	\$200,000	\$200,000	\$200,000
<b>NSES Generator:</b> May also qualify for reimbursement under "warm, safe, dry" category.	\$200,000					
*RIDE Reimbursable Capital Projects include the completed NSES Addition and NSHS Science Labs , and the NSHS Locker Room Renovations. In addition to these projects are a host of RIDE approved facilities repair/replacement/upgrades in order to ensure "Warm, Safe, and Dry" schools. A Revolving Fund has been established by the Town and School Department to fund RIDE approved projects and to receive reimbursements ranging between 35% to 45% of the project cost. Reimbursements can be reinvested towards additional approved "Warm, Safe, and Dry" projects. We would like to annually "top off" the Revolving Fund which, combined with state reimbursements, creates a powerful cost savings mechanism for continued investment and reinvestment in our school facilities.

## **Fy 2022 Proposed Budget** *Appendix*

**North Smithfield Public Schools**

*A community dedicated to excellence*

## **Operating Budget / Capital Budget**

*November 2020*

### **Mission Statement**

*Our mission is to prepare each student to be a successful and responsible member of society.*

### **Vision Statement**

*The North Smithfield School Department, in partnership with the community, meets the educational needs of all students.*

- *We provide a safe educational environment which fosters active, challenging learning experiences.*
- *We challenge all our students to reach their greatest potential by setting high expectations and providing quality resources, curriculum, and instruction.*

*Our success is demonstrated by the achievements of our students and the positive manner in which they productively contribute to our society.*

Operating Budget Timeline	Page 5
Capital Budget Timeline	Page 7

## FY 22 Proposed Budget Development

### Fiscal Planning

#### Assumptions

The North Smithfield School Committee believes that the School District budget should directly reflect, identify, and document the funding needs to provide a quality educational plan for all of our students.

The following strategies will be employed:

1. Operational and Capital Budget – must align with the **District Strategic Plan**. The Strategic Plan articulates School Committee/School District beliefs, values, and initiatives of the District - all of which are clearly articulated.
  - In essence, the Strategic Plan is based on student needs – educational, program, social and emotional, and extracurricular.
2. Planning and justification should reference, as appropriate, the **Rhode Island Basic Education Plan**; High School **NEASC Report**; **School Improvement Plan** recommendations.
3. Identification and documentation of students' needs – educational, program, social and emotional, and extracurricular is a collective effort that involves the School Committee and Administration's commitment to its students, programs, initiatives, and the North Smithfield Community.

#### Guidelines

Superintendent, Assistant Superintendent, Principals, Pupil Personnel Services Director, Technology Director, Business Manager, and Facilities Manager shall be responsible for development and submission of the budget according to the guidance and procedures established within.

The Assistant Superintendent will manage Grants along with the Business Manager.

## Initial submission

- Administrators will build their school/department budgets utilizing “0” based budgeting, re-evaluating and re-assessing the needs of each school/department each fiscal year by line item.
- The proposed budget will satisfy known obligations. If contract obligations are not known at the time of budget development, a recommended estimate will be used for initial submission.
- Administrators will adjust departmental budgets based on identified, shifting, needs e.g. increase/decrease in grade population.
- Administrators will review and consider the previous three years of expenditures as part of the budget development process.

## FY 22 Proposed Budget Development

### Operating Budget Format

#### Format

- A. Executive Summary
- B. North Smithfield School Department's Organizational Chart
- C. Revenue and Expenditure Projections Summary Page
- D. Proposed Budget
  - FY 22 Proposed Budget - General Fund by Category
  - FY 22 Proposed Budget - includes current YTD and 3-year expenditure history
- E. Salary and Benefits Summary
- F. Justifications by Department

#### Forms

Administrators will use the following forms in the development and submission of their respective school/department budget drafts:

1. Staffing Analysis
2. Highlighted Variances
3. Proposed Personnel Changes [if requesting new personnel]
4. Proposed New Programs [if requesting new programs]
5. Textbook Purchase Plan [Curriculum Department]

## **FY 22 Proposed Budget Development Operating Budget Timeline**

*(Tentative-subject to change due to COVID-19/delays in funding source data)*

<b>Description of Task</b>	<b>Due Date</b>
Budget timeline is submitted to the School Committee	November
Superintendent/Business Manager present budget preparation documents, timeline, and guidance to Administrative staff	November
Building/Department budget proposals due to Superintendent/Business Manager	No later than December 7
Administrators review school/departmental requests with Superintendent/Business Manager	December 8 – December 11
Business Office prepares budget draft	December 14 – December 18
Budget draft is submitted to School Committee	No later than December 23
School Committee-Budget Sub-Committee Workshop – Administrators review budget draft with School Committee – Budget Sub-Committee (as requested)	January 4 – January 15
Superintendent/Administrators present proposed budget draft to School Committee and Public. School Committee discussion and revision of proposed budget draft prior to submission to Town.	January 19
Business Office updates proposed budget draft, incorporating School Committee revisions-final copies of proposed budget draft are prepared for distribution.	January 20 – January 27
Distribution of proposed budget to Town Administrator, Finance Director, Town Council	No later than February 1
Superintendent/School Committee presents proposed budget draft to Budget Committee and/or Town Council	As requested
School Committee/Superintendent revise budget as necessary to balance budget upon Adoption/Appropriation by Town Council	Within 30 days of Adoption by Town Council

Timeline planning is intended to:

- Distribute the workload of budget development;
- Allow for an efficient and detailed preparation process by the Administration and School Committee;
- Allow for sufficient time for review by Administration and School Committee.

**Timeline projection dates may be adjusted as needs dictate; however, any established by the General Laws of Rhode Island, Rhode Island Department of Education, and the North Smithfield Town Charter are not subject to change.**

## **FY 22 Proposed Budget Development**

### **Capital Budget Timeline**

Description of Task	Due Date
Facilities Manager conducts comprehensive building walk-throughs with each Building Principal.	November
Facilities Manager develops a written report of each building walk-through with recommendations for “general maintenance, extraordinary maintenance, and potential capital projects.” Recommendations with major fiscal implications will be budgeted for the following year either in operational or proposed as part of the capital projects submission.	November
Superintendent meets with Facilities Manager regarding Capital Budget development process.	November
Facilities Manager will compile the initial draft of capital requests to be submitted to the School Committee.	December
Superintendent and Facilities Manager review the capital requests and submit to the School Committee for review and approval. School Committee amends/approves requested Capital Plan/Budget.	December/January
On behalf of the School Committee, the Superintendent submits the proposed Capital Budget to the Town Administrator/Planning Board.	No later than January 11
School Committee presents the proposed Capital Budget to the Planning Board.	As requested
School Committee approves revisions to the recommended Capital Budget as a result of the meeting with the Planning Board & Town Council.
